

# Felt Flowers

by

Dress up a room quickly and inexpensively by making decorative pillows! With scissors, thread, beads, and felt, these pillows look designer-chic!

Watch our video on how to make these felt flowers & more! Find it at [www.theDIYdish.com](http://www.theDIYdish.com)  
Thank you to KSL's Studio5 for the segment!

As mentioned on the video, your bottom 2 layers need to be cut from the same size pattern. Additional layers can be any size. Layer 3-5 "petals", add a bead or two, and you have a beautiful embellishment for any pillow!
